

# MILK PASTEURIZER FOR CALVES

THE MOST EFFECTIVE AND ECONOMIC  
SYSTEM TO **SANITIZE MILK** FOR YOUR CALVES

*Electric heating  
Up to 72°C*

*Reduced water  
consumption*

*Intuitive control panel  
with manual/automatic  
mode*

*Ease of installation  
reduced electric  
consumption and  
dimensions*

*Option:  
Cooling with ice water*

*Reduced maintenance*

*Reliability and  
strength in time*

*Flexible management  
of cycle times*

Since 2006 DUECINOX has developed a machine which is able to provide to farmers a reliable and effective result by sanitizing milk for their own animals feeding. Developed in cooperation with Italian and foreign universities, the machine combines technology and ease of use.

**Capacity from 60lt (minimum workable quantity 10lt milk)**

## BENEFITS

**SAVING**  
ON COSTS  
FOR MILK POWDER

HEALTHIER CALF GROWTH  
THANKS TO THE  
**IMMUNO-PROTEINS**  
OF THE NATURAL BREAST MILK

EFFECTIVE ACTION AGAINST  
**PARATUBERCULOSIS**  
/JOHNE'S DISEASE, AUREUS,  
DIARRHOEAS AND OTHER  
INTESTINAL CONDITIONS

IT'S POSSIBLE TO USE  
A PERCENTAGE OF  
**COLOSTRUM** ( 15 - 30%)

POSSIBILITY TO MANAGE  
UP TO 3 MILKINGS PER DAY,  
EVEN IN COMBINATION  
WITH **MILKING ROBOTS**

**LESS TIME FOR THE OPERATOR**  
THANKS TO THE MOBILE VERSIONS  
**WITH ELECTRICAL DRIVE,**  
**DISTRIBUTION SYSTEM AND**  
**INTEGRATED WASHING SYSTEM**

100% made in Italy fabrication

**THE ONLY ITALIAN MACHINE** USED IN A PRESTIGIOUS AMERICAN UNIVERSITY (**PENNSTATE**)  
TO MAKE ADVANCED **STUDIES ON MILK AND COLOSTRUM PASTEURIZATION FOR CALVES**
